The **ADVANCE**

The ADVANCE is a proven one day experience that unleashes high-performance teams.

The ADVANCE

The business landscape has changed dramatically in just the last few years. More and more businesses experience greater scrutiny by the watchful eye of customers, stakeholders, and even their own employees. The pressure on businesses to perform today is unparalleled.

Companies that thrive today consist of high-performing teams of engaged individuals. The question is 'how are these teams created'? The answer is the ADVANCE.

The ADVANCE is a one-day event that challenges participants to examine and answer for themselves the following three questions:

- What am I good at?
- What makes me come alive?
- How do I uniquely meet the needs of my organization?

The answer to these three questions serve as the raw materials of a personal purpose statement or as we like to call it, a personal brand statement. When people truly understand their purpose and how that connects with the mission and vision of where they work, watch out.

It Doesn't Stop There

The real strength of the ADVANCE experience is that it kicks off a process that sustains the momentum started by the one-day event. SVI will work with your organization to develop a strategy to build upon your people's new found excitement and focus. The ADVANCE kicks off a process that transforms mediocre companies into irresistible companies.

Contact SVI today to find out more about how we can unleash high-performance teams in your organization.
